About Us

The concept behind Spider Kelly's began over ten years ago when high school buddies Nick Langman & Nick Freshman came up with a concept to open a fun, casual bar with terrific food. We opened in July 2008, and then we closed in December 2009 to complete a massive expansion. Originally, all of Spider Kelly's fit into the dining area to the left of the main bar. The name Spider Kelly comes from a boxer of the same name who fought in the early 20th Century. He was also mentioned as a character in *The Sun Also Rises* by Ernest Hemingway. Spider is mentioned on the first page and never heard from again. *The Sun Also Rises* is one of Nick Freshman's favorite books, and as soon as he saw that name, it stuck.

Spider Kelly's was designed to let our customers experience several different atmospheres in one location. You can relax in one of our lounges or get competitive while playing one of our many games. We genuinely enjoy providing great service and terrific food to our customers, and we hope you enjoy everything that Spider Kelly's has to offer.
